## 2005 Long-Range Development Plan

"...a comprehensive framework for the physical development of the UC Santa Cruz campus over a 15-year period...."

"It includes a building program and land-use map to guide capital construction, infrastructure development, and land use...."

"UCSC's 2005 LRDP does **not** constitute a mandate for growth, nor it is a detailed implementation plan for development. It does not commit the campus to carrying out development on any given timeline."
